DISTRICT OF MAINE, ss

Upon the application of N J Johnson, of Garland, in the county of Penobscot, and State of Maine, there being no opposing interest, representing that in fall of 1872, he was the owner of an undivided half part of a Shingle Mill and a three acre lot there with connected—that Noah W Johnson owned the other half of the same, that your petitioner bought of said Noah W Johnson his half, and paid him two hundred and seventy five dollars, and entered into possession, occupation, and sole use of said premises, and has since made valuable improvements in machinery, &c. That said Noah W. Johnson has never given him a deed of said premises, though often requested so to do, and prays that the assignee of said Noah W Johnson may be directed to execute and deliver to him, said N J Johnson, a deed of the same.

Upon reading the foregoing petition, it is ordered that notice of this application be published in Piscataquis Observer and Bangor Whig and Courier, and that a hearing will be had thereon at Portland on the first Monday of November, 1876 at three o'clock in the afternoon, when all persons interested may appear and show cause if any they have, why the prayer of said application should not be granted.

Witness the Honorable Edward Fox, Judge of the said Court and the seal thereof, at Portland, in said District on the 6th day of September, A D 1876.

FRANKLIN HOUSE,

Harlow Street, - Bangor, Maine.

GEORGE F. HILL, Prop'r.

This spacious and popular Hotel has been thoroughly renovated by the present proprietor. Several of the finest rooms have been refurnished, and all the appointments of the house are now first class. The Holly Water has been introduced, and the establishment is heated by steam. These improvements make the house thoroughly comfortable, convenient and pleasant.

The location of the FRANKLIN HOUSE is one of the most agreeable, healthy and central in the city. It is within one minute's walk of the Post Office, Custom House and Norombega Hall, and convenient to all the business parts of the city.

MR. BOYD. QUIMBY, the old and popular Clerk of the house, will continue to discharge the duties of that position.

With these advantages the proprietor flatters himself that he will be enabled fully to satisfy the expectations of the old patrons of the house, and make it a desirable resort for the travelling public. The table will be made second to that of no other hotel in Maine.

THE W N C T UNION

NOTES ON THE ANNUAL CONVENTION

NEWARK Oct 27 1876

To the Editor of the Whig and Courier

You and your many readers will, I believe, be glad to see a few notes of the present Annual Convention of the Woman's National Christian Temperance Union now in progress in this city. It is a larger convention than that of last year, there being some two hundred delegates present, besides many visitors, not only from Newark and vicinity, but from other States as well. Maine is numerously represented, among her delegates being Mrs W G Sargent, President of the State Union, and Mrs Benj Plummer, President of the Woman's Christian Temperance Union of Bangor, while several of our Centennial visitors besides myself are killing the second bird with the same projectile.

An earnest devotion to the work, and an unswerving faith in final victory through the Divine Teacher are the striking characteristics of the Convention. An hour and a half of each day is spent in devotional meetings, and five and a half or more in the business sessions, with an intelligent, patient painstaking attention which can scarcely be surpassed. Never, probably, on this continent, has there been assembled so large a deliberative body, of more unselfish spirit and of more disciplined, practical intelligence upon the subject which they have undertaken to canvass than this. The very oldest and most stiff necked disbeliever in the capacities of women to think for the public benefit, could hardly even look upon these faces shining with the light of Christian earnestness and of "sanctified common-sense," without feeling his prejudices beginning to shrivel within his time-worn brain. And if he should spend one of these four days among their counsels, his conversion would be complete—if he were worth converting—whether he ever owned it or not. Youth and beauty are here and the heads crowned with the glory of gray hairs are not wanting but the large majority of the delegates are the *mothers*, in the prime of life educated, thoughtful active, consecrated women. There are among them women of professional education, many of high social standing and perhaps still more of uncommon business talents while there are probably not half a dozen who are not women of Christian principle and character.

The labor of the presiding officer is very arduous, during so long and busy a session but Mrs Wittenmyer accomplishes it well being rarely fitted for it by constitution both physical and mental by temperament and by *grace*. Her decisions are prompt and generally correct, and her good humor unfailing. This afternoon the election has been held, proving to be almost entirely a re-election of the officers of last year and proving, too, that elections with women in them are very different things from those where women are not.

They elect by ballot and the nominations are made from the floor in open Convention. When the President called for the first nomination to be made—that of President for the ensuing year,—her only possible rival, Miss Willard of Chicago, a young lady of rare talents, accomplishments, and graces of character, nominated "Mrs Annie Wittenmyer," and a personal friend of Miss Willard moved that it be carried by acclamation. With earnest deprecation Mrs Wittenmyer entreated the withdrawal of the motion, and called for further nominations. As State after State followed with the same tried and honored name, nothing but "Praise God, from Whom All Blessings Flow," could give relief to the grateful hearts, and the Convention rose with one accord and sung it through. The Recording Secretary cast the ballot, and then, after the President's touching words of acceptance, nothing would do but to break into "Victory," a temperance hymn of her own composing, which she had given to the delegates the first day, and they sang it all through as well as they could for tears.

Next, the Corresponding Secretary, and Miss Willard was the nominee of all, and the Recording Secretary balloted for her whom everybody loves, and all who could command their voices sang "Blest be the Tie That Binds. The next three re-elections were of Mrs. Mary C. Johnson, Recording Secretary, whose beautiful presence has been a joy to be remembered by many in Bangor; of Mrs. Mary T. Burt, Assistant Recording Secretary, and of Mrs. S. K Leavitt of Cincinnati, Treasurer, and "How Can I Keep from Singing," and other familiar hymns partly expressed the entire gladness of all in the unanimous choice and continued service of women so capable and so abundantly worthy.

When the masculine half can hold *such* elections—we shall think they don't need us!

A Vice President was chosen from nearly every State and Territory, the work being already organized in about two-thirds of all, and about to be vigorously pushed in the others. Mrs. Sargent, our State President, was chosen Vice President from Maine in the National Union.

The resolutions adopted yesterday will soon be published. There is one ringing note for Total Prohibition—the objective point of all these labors—and there is through all the deep, fervent, unmistakable, Christian spirit, which has devoted itself not only to thus making ready the highway, but to putting on the wedding-garments of Christian conversion to all the wayside wanderers, and which esteems neither rum-seller nor drinker without the pale of love, repentance and forgiveness.

BULLETIN FROM THE NATIONAL REPUBLICAN COMMITTEE.

NEW YORK CITY, Nov 1, 1876

A spontaneous and enthusiastic uprising of the Northern people within the last few days, evinced by recent advices up to this evening at Headquarters, leaves no doubt about the election of Hayes and Wheeler by a large majority of electoral votes

The evasive and valueless promises of Mr Tilden with the stereotyped and reluctant approval forced by him from a few Southern Democratic committees not to press rebel war claims for loss or damage to property although still demanding payment to rebels as well as to loyal persons, of about two thousand millions of dollars claimed in their bills before Congress for supplies furnished or taken, or for the use and occupation of property, have failed to produce conviction in the face of overwhelming evidence of their contrary purposes, and have alarmed instead of quieting the people of the North

The imminent danger to the public credit and to reviving commerce and manufactures, if the payment of the national debt is to depend on a Government of men whose rebellion that debt was created to suppress has aroused the merchants and business men of New York and of the country, the violation over nearly half the territory of the Nation, by intimidation and murder, of the fundamental Republican principle that the ballot shall be freely chosen and safely cast is rallying a united North to put down promptly this new Southern rebellion

With this uprising of Northern sentiment every Northern State will probably be carried for Hayes the fraud in New York city will be prevented and the Democratic city majority kept down to such an amount that the larger Republican majorities elsewhere will not fail to overcome it and secure a decided majority in the State for Hayes and Wheeler The three Pacific Coast States and New Jersey are believed to be surely Republican and there is a good fighting chance for Indiana, while the information from North Carolina, South Carolina Florida and Louisiana shows that in spite of the murderous opposition of Tilden Democrats, those Southern States will give majorities for Hayes

The systematic and prearranged boastings from the Tilden headquarters in New York are only desperate expedients to avert the inevitable result

The Republicans of the country have only to perform their full duty, and every man go early to the polls, and the triumph of Hayes and Wheeler will be overwhelming

Z CHANDLER,
Chairman National Republican Committee

The man who votes for Samuel J. Tilden votes for putting the Southern Confederacy on top of the United States.

Ben Hill is making speeches in Georgia He tells the people that "infidelity to the cause of a solid South is the highest crime," that "the North has always been on the offensive, and the South on the defensive, under the Constitution," that "the South is now solid, and he hopes it ever will be." The "solid South" which believes the North was wrong in the war for the Union, votes for Tilden.

Rebels all over the South have paid assessments on their claims to assist in the election of Tilden, on the assurance that their claims would be allowed Does anybody believe they will not demand the fulfilment of the pledge if he is elected?

The "true inwardness" of Gov. Tilden's claim to economy in the administration of the State finances becomes apparent when it is considered that the tax for the general purposes of the Government for the current year amounts to $3,825,271, a sum *exceeding the tax of any other year in the history of the State by* **$568,554** The figures are those of Controller Hopkins

REBEL CLAIMS.

The Confederate Archives Shed Light on the Purposes of Southern Leaders.

The Confederate archives in Washington contain very valuable hints as to the purposes of the Southern leaders at the close of the war with respect to the obligations of the Confederacy and Southern claims. In April, 1865, Jefferson Davis convened his cabinet in a freight car at Charlotte, N. C —the Confederacy being then on wheels —to consider the terms of capitulation embraced in the Sherman-Johnston proposition Jefferson Davis then invited each member of his cabinet to give his views in writing upon this subject These written opinions, with one or two exceptions, are now in the Confederate archives Below is given that portion of Postmaster-General Reagan's opinion which relates to Southern claims It is in his own hand-writing *Mr Reagan is at present a Congressman from Texas and aspires to a place in Mr Tilden's cabinet* Mr Reagan's views were as follows

Nothing is said in the agreement about the public debt and the disposition of our public property, beyond the turning over of the arms to the State Arsenals On the first adjustment *we should endeavor to secure provision for the auditing of the debt of the Confederacy*, and for its payment in common with the war debt of the United States We may ask this on the ground that *we did not seek this war* but only sought peaceful separation to secure our people and States from the effects of unconstitutional encroachments by the other States, and because of the principles of equity allowing that both parties had acted in good faith and gone to war on a misunderstanding which admitted of no other solution and now agree to a reconciliation and to a burial of the past *It would be unjust to compel our people to assist in the payment of the war debt of the United States, and for them to refuse to allow such of the revenues as we might contribute to be applied to the payment of our creditors.* If it should be said that this is a liberality never extended by the conqueror to the conquered the answer is that the object of the pacification is to restore the Union in good faith, and to reconcile the people to each other, to restore confidence and faith and prosperity and homogeneity * * *

In any event provision should be made which will *authorize the Confederate authorities to sell the public property remaining on hand*, and to apply the proceeds as far as they will go to the payment of our public liabilities or for such other disposition as may be found advisable. But if the terms of this agreement should be rejected, or so modified by the Government of the United States as to refuse a recognition of the right of local self-government, and our political rights, and rights of person and property, or as to refuse amnesty for past participation in this war, *then it will be our duty to continue the struggle as best we can* however unequal it may be, *as it would be better and more honorable to waste our lives and substance in such a contest*, than to yield both to the mercy of a remorseless Congress I am with great respect your Excellency's obedient servant,

(Signed) JOHN H REAGAN,
Postmaster General

To the President, C S A

Since the war closed, in 1865, there have been more men murdered in the South for political opinions—and that is, murdered for being Republicans—there have been more men in those eleven years murdered in the South for being Republicans than fell on the Union side in the three bloodiest battles of the war. I make that statement on the official data, and yet noting is more common than to sneer at the "bloody shirt."—*James G. Blaine*

GOV CHAMBERLAIN

[From the New York Tribune]

Governor Chamberlain of South Carolina, is now denounced as a scoundrel and a liar by the very same men who were praising him only three months ago No longer ago than last August, the Charleston *News and Courier* the leading Democratic journal of South Carolina, said — Mr Chamberlain will accept a nomination for re-election, not because of the emoluments of the office which are pitiful nor for the love of politics, which are not to his taste but because in two years more, with a sound intelligent and upright legislature he can with the knowledge he has of our condition and wants complete the work now begun and make South Carolina as contented and progressively prosperous as any State in the South A few months earlier the same journal said "Time has justified us as it will justify Mr Chamberlain, Time has shown that whoever else goes back he will move steadily forward We believe that without regard to the consequences to himself or to his party, he will go on to the end in the narrow path of right The Governor is still going on the same path, but across it is the Democratic party, with a rifle in its hand, and this same *News and Courier* at its head

THE WARNING OF ALL HISTORY

[Hon W M Evarts at Cooper Institute]

Whatever credit you give Samuel J Tilden for principles and purposes, he would be what Congress would make him It would not be enough that he should say "I told you in my letter that bygones should be bygones" What did the Stewarts do? Brought in by the people tired of Puritan rule Cromwell, who stood to the Puritans as Lincoln did to us (cheers), Cromwell died, and the Stewarts came back, and Parliament was crowded with toadies and courtiers, and what became of the King's word that bygones should be bygones? After a vain struggle, he yielded and there were passed a series of odious acts, and all stout defenders of civil and religious liberty were ground under the heels of restored royalists, and Cromwell's body was exhumed and his head cut off and placed over the Hall of Justice It must be a terrible lesson to all feeble lovers of liberty that would like to bring back the foe they vanquished (Terrific cheering)

Circulars prepared by Tilden's Bureau, craftily purporting indorsement of his declaration against rebel claims, have been sent out for signatures in the Southern States They are worded precisely alike and have already been signed by the delegations of Kentucky, Alabama, Tennessee and Arkansas, the sincerity of which may be judged by the fact that the delegations of those four States have already introduced and now pending in Congress, bills for the payment of such private rebel claims aggregating the amount of **$1,697,577.09** The whole number of such private relief bills for compensation to rebels already introduced by Democratic members, cover claims amounting to **$4,770,500.43**, and the amount called for by all the various bills of indemnity to the South on account of the war reaches the enormous aggregate of **$2,503,622,386.00.**

INDIANA The Indianapolis *Journal* says "Advices from all parts of the State continue to justify a strong hope that the Republicans will carry it next week Their organization is unimpaired and in as good or better working order than it was a month ago Nearly all the localities heard from report that they will give an increased majority on the October vote, and furnish reasons for the faith."

A HAYES AND WHEELER CALL REPRESENTING OVER $[illegible],000,000 OF CAPITAL.

The action of the leading capitalists of New York has been promptly followed by the foremost business men and corporations of Hartford, Connecticut, who have united in a call for a public meeting, to give an expression in favor of the election of Hayes and Wheeler in the interest of peace and prosperity The call is signed by the officers of the largest moneyed corporations, representing over $93,000,000 of life insurance assets, nearly $40,000,000 in business and individual investments, more than $13,000,000 of fire insurance capital and nearly $8,000,000 of banking capital, making a grand total of over $150,000,000 of investments the holders of which are alarmed at the possibility of a Democratic restoration in the interest of a Solid South

MR. BLAINE IN NEW YORK.

MASS MEETING IN STEUBEN COUNTY

[Special to N Y Times]

CORNING, Oct 31 —The meeting here to-day was in every sense a magnificent success Early in the day, from the surrounding towns and from Alleghany, Livingstone, Yates, Chemung and Schuyler Counties in this State, and Tioga, the people poured in by thousands Gen Rufus Scott of Alleghany presided and preliminary speeches were made by him Hon W A. Stone and others On Mr Blaine's arrival he was introduced to the innumerable crowd of eager listeners amid a burst of applause such as was never before heard in old Steuben He said "I bring good news from the great West Everywhere the intelligence of the country is alive to the real issue of the campaign. The question is whether the Democratic Party, controlled by a solid South shall be called to govern the Nation " He then reviewed the issues of the campaign in a powerful manner * * The meeting numbered not less than ten thousand persons The torch-light procession in the evening consisted of 2,000 in line

Saturday of this week will be observed as Maine day at the Centennial An address on Maine, her resources, industries and progress, will be delivered by General Joshua L Chamberlain, President of Bowdoin College, at Judges' Hall, at 11 o'clock A M There will be no formal ceremonies on the occasion

The *Commercial* announces that Marcellus Emery has gone to New Hampshire to stump for "Tilden and Reform " He will probably condole with that brother rebel sympathizer in New Hampshire whose newspaper was likewise suppressed by the people during the war

The election of Tilden would be greeted by such a rebel yell as was never heard in this country before.

The Louisville (Ky) *Jeffersonian Democrat* regards Governor Tilden's rebel claims letter as ill timed It says

"It may gain him some votes in the Northern States and has already met with the approval of his own party journals and also the approbation of a large number of independent papers, yet we cannot help considering its appearance unfortunate *We cannot safely allow any such license to candidates for the Presidency* The practice of long expositional letters of acceptance is a gross innovation and encroachment upon party discipline, but for a candidate, within a few days of an election to rush into print to define the position of himself or party upon a collateral or any other issue raised after the two parties have entered the canvass, is something so extraordinary that it never occurred before in the history of our politics "

Of course all intelligent readers will understand that Mr Blaine never uttered at Buffalo or elsewhere any such counsels to violence in case of Tilden's election as are attributed to him by certain unscrupulous Democratic sheets On the contrary Mr Blaine said at Buffalo

Now I am not preaching any gospel of blood, God forbid it I want the gospel of peace, and I want it through voting, I want it through the peaceful quiet ballot I want the men who vote for this Government and sustain it to continue to rule it More than that, I want the intelligence of this country to rule it

A vote for Tilden is a declaration that the North was wrong during the war and that the South ought to and shall control the Government.

Mr Tilden says, if elected President "no claim for loss or damage incurred by disloyal persons during the late war will be allowed by him But what does he mean by disloyal persons?" Is it disloyal in a State to snap the tie of confederation " which Mr Tilden in his Kent letter claimed it had the right to do? or is it disloyal in a citizen to follow the lead of a State when it asserts its reserved rights? Mr Tilden should tell us explicitly what in his judgment constitutes "a disloyal person —Cincinnati *Commercial*

The Democrats are evidently afraid that Connecticut is not sure for Tilden as it might be, for the New London *Telegram* says "The Democrats at headquarters are becoming alarmed about Connecticut, and there is evidence in New Haven and vicinity that the barrels of money are being rolled in to keep the 'Reformers' up to their work With a fair vote in the large cities the State is sure for Hayes "

The Democratic countenance has visibly elongated during the past few days, the voices of the faithful are more subdued, even the political "pools" which they started show odds against them, and they are generally settling back into the habitual hopelessness of anticipated defeat. Now let Republicans all rally for the Centennial victory!

Mr. L P. Morton thinks that just now "the danger to the public credit and to the welfare of the business community" "is so serious" that no citizen has the right to refuse a call to political duty. And Mr. Morton heads one of the four great houses engaged in placing the new loan — N. Y *Tribune*.

A vote for Hayes is a vote against a solid South.

From all parts of the country come assurances that the Republican party is more solid than it has been since 1868 That is ominous news for the Democrats.—*Tribune.*

Secretary Morrill will address an out-door meeting of bankers in New York Saturday

Grand Demonstration in Lewiston.

A THOUSAND TORCHES IN LINE.

COLLATION IN CITY HALL.

The Streets Finely Illuminated.

[Special Despatch to the Whig & Courier]

LEWISTON, Nov. 2. The Republican demonstration in this city this evening was a grand success notwithstanding the threatening weather. The campaign clubs of Lewiston and Auburn with visiting delegations from other places made a splendid appearance and the procession of a thousand torch-bearers in line constituted a most imposing pageant. The air resounded with the martial music of the bands, and the streets along the line of march were crowded with enthusiastic spectators. Residences and other buildings along the route were brilliantly and in many cases elegantly illuminated. A fine collation was served in City Hall, and in spite of the lowering skies the occasion was marked by unabated enthusiasm.

Great credit is due the managers of this institution for this successful arrangement of its affairs.

A Frightful Fatality.

SKOWHEGAN, Nov. 2. Seth Baker of Bingham, met with a fearful death this afternoon while at work in a saw mill at that place. He was caught on a shaft and nearly every bone in his body broken. He died in four hours. He was an only son, eighteen years of age.

DOMESTIC NEWS.

SOUTH CAROLINA.

LETTER FROM GOV. CHAMBERLAIN.

Randolph's Statements Refuted.

Gov. Chamberlain Contradicts the Partisan Assertions of Randolph.

NEW YORK, Nov. 2. Gov. Chamberlain in a letter to the Tribune denies seriatim every charge made in the recent letter of Gov. Randolph of New Jersey. He says that out of ten Republican Judges in the State all but two support him; that Hagood, Clerk of the United States Circuit Court, and Brimer, United States Chief Supervisor of Elections, are warm political supporters and both unequivocally commend and applaud his recent action in suppressing domestic violence and insurrection in the State. And upon the question of his recent action towards suppressing violence and insurrection evidences accumulate each day and hour which would appall the stoutest and most callous heart.

An Earnest Vindication.

He concludes as follows: "New murders come to light, new evidences of a conspiracy to disfranchise a race and crush by brute force a whole people multiply with each step of investigation. Gov. Randolph consigns me to a wretched fate whether elected or defeated. I accept full responsibility of all my acts, and I await with confidence the verdict which just men will render upon my efforts to discharge duties as difficult and trying as have fallen to the lot of any American Governor. I certainly do not envy the fate which will overtake the man who has come here for purely partizan ends to gather slander to heap on me and the people whom I am struggling to defend.

Governor of South Carolina.

BUSINESS MEN ALARMED.

An Appeal from the Capitalists of Providence.

PROVIDENCE, R. I., Nov. 2. Most of the leading business men of this city have signed an appeal to the electors of the State setting forth the perils to be apprehended from the election of Tilden.

ANOTHER RAILROAD DISASTER.

Several Persons Fatally Injured.

PHILADELPHIA, Nov. 2. A train on the Pennsylvania Railroad was wrecked this morning at 7 o'clock, south of Linden Depot, by running into two freight cars detached from a preceding train and left standing on the track. The locomotive was turned upside down, the first passenger car ran over it and was split in two and the freight cars were demolished. Jacob Ellison, a brakeman, was buried under the locomotive and received fatal injuries. A fireman named Vannerwater has several scalp wounds, and several others were slightly injured. The wounded were taken to Linden Depot. All Centennial trains were delayed two hours. The freight train had no alarm bell and a fog prevented the engineer from seeing the detached cars in season to avoid collision.

ELIZABETH, N. J., Nov. 2. Among the wounded were W. H. Danderwater, passenger, of New Brunswick, wounded in the head; John Rose, passenger, injured, but not severely; E. W. Wright of Chicago, was in the caboose, arm broken and otherwise hurt; Joseph Pillistine, a Jew, had his breast crushed and will die.

AN INFAMOUS CRIME.

A Dwelling House Blown Up.

RONDOUT, Nov. 2. The entire front of Augusta Suppies house in this city was blown out at 8 o'clock this morning, by a charge of powder placed in the window. A fuse was found leading to the sidewalk. The building was shattered and the furniture damaged. Mr. Supples' wife and three daughters were sleeping in the upper part of the house. Supples was complainant against a house of ill-fame, the inmates of which were arrested, but the proprietor named Keiser is away.

NEW YORK CITY.

A Tilden Sarcasm.

NEW YORK, Nov. 2. Governor Tilden has issued a proclamation against the use of money in the election and calls on the District Attorneys to vigilantly prosecute all persons guilty of this crime.

A Perhaps Unwelcome Response.

Six important arrests for false registration were made in Brooklyn to-day.

Capt. Grindle was found guilty of cruelty to his sailors in New York, Thursday, and remanded for sentence.

BEECHER.

Imortant Action of his Brother Clergymen.

Report of the New York and Brooklyn Association.

Unanimous Resolution of Confidence and Love.

Report of the New York and Brooklyn Congregational Association.

NEW YORK, Nov. 2. The following document is considered the end of the Beecher imbroglio:—

To the Editor of the Tribune:

Sir,—I am directed by the Congregational Association of New York and Brooklyn to furnish to you for the public a report of its action concerning Rev. Henry Ward Beecher. At its semi-annual meeting the attendance of which was unusually large, held on Wednesday, November 1st, in Tompkins Avenue Congregational church, Brooklyn, the Committee appointed in April, 1876, to co-operate in bringing evidence before the Commission provided for by the Advisory Council called by Plymouth Church in the case of Mr. Beecher, reported that they met immediately on appointment and prepared an appeal to all persons claiming or supposed to have any information or testimony against Mr. Beecher not already tried in the civil court, urging them in the name of the Association at once to make such information known to the Committee and offering them as far as possible all assistance they might need in bringing it properly before said Commission for trial.

No One has Come Forward with any Charge.

This appeal was at once published in full or in part in several newspapers in New York and Brooklyn and with some editorial comment, and it was also probably copied extensively by the press at large. Copies were also sent to those persons reported or publicly supposed to have any information on the subject hostile to Mr. Beecher. Having thus done all that lay in their power in the line of their appointment to show the earnest desire of this Association to secure a most thorough, impartial and conclusive trial of an accused member, the Committee had only this to report—that up to this day, after more than six months opportunity to speak and after a most urgent and public entreaty that every one would speak who had anything to say against him, no one had seen fit to respond, no one had undertaken to make either before the Association or before the Commission the slightest responsible charge against the moral character of Rev. Henry Ward Beecher."

The Dictates of Christian Duty.

The report of the Committee concludes as follows:

"How long we, as a Committee, shall stand waiting for some responsible accusers to appear, or whether reason, justice or Christian charity all demand an early determination of this inquest and a final declaration of confidence in Mr. Beecher as a brother honored and beloved, we leave to the united wisdom of this Association to decide."

Unanimous Resolution of Confidence and Esteem.

This report the Association adopted and then unanimously passed the following preamble and resolution:

Whereas, This Association at its annual meeting April, 1876, appointed a committee to co-operate with the Commission created by the Advisory Council to investigate the case of Rev. H. W. Beecher, and

Whereas, The Association in view of this appointment resolved that if those who thus claim to have evidence, or to be able to substantiate charges against Mr. Beecher, shall knowingly fail or refuse to make use of this or any other means to bring such charges or evidence before that Commission of Investigation, this Association, in absence of further light, must hold itself henceforth amply justified in utterly condemning those charges, allegations, insinuations and rumors as false and slanderous, and in defending Mr. Beecher as a worthy, honored and beloved member of this body, and

Whereas, The preceding report of said Committee indicates that there is no substantial ground for believing in the guilt of Mr. Beecher,"

Be it therefore Resolved that we do therefore as an Association regard our brother as worthy of our confidence and love, and express to him our sympathy in the severe trial through which he has passed.

CYRUS HAMLIN,
Registrar.

Brooklyn, Nov. 1, 1876.

The sidewalk in front of Hatch's new block on Main street is going down slowly, but if the workmen live to four score years and ten they may walk over it a few times.

Drop into the Common Council room and see that your name is on the proper ward-list correctly, that you may help swell the majority for Hayes and Wheeler next Tuesday.

The brig Caroline Eddy having been thoroughly repaired, is being loaded at the Maine Central Railroad wharf by T. J. Stewart, Esq., with fruit-box shooks for Messina, Sicily.

We are informed that Mr. Robinson will be invited to give another entertainment some time next week, that a larger audience may witness his powers as a character impersonator.

The letter-carriers during last month delivered 24,086 letters, 5,611 postal cards and 13,927 papers. They collected during the same time 29,950 letters, 7,327 postal cards and 2,760 papers.

The elegant new gas lights for the approaches to the Post-office are a great improvement and one that the public will be very thankful for. Those at the rear of the building were lighted for the first time last night, but the burners should be about two inches lower to get the full benefit of the double reflectors. The one designed for the front of the building will probably be put up to-day.

The Grand Army Course of Entertainments will open with an oration by Daniel Dougherty, of Philadelphia, known as "The Silver Tongued Orator." The sale of tickets will open one week from next Saturday.

THE WEEKLY COURIER for the present week is now for sale at the usual places. It is a number of marked interest on account of very complete local news reports, its varied political and general intelligence and its full Maine news department. People absent from their old home here, should always read THE COURIER to keep abreast the world's progress, and especially the progress of this part of their native State.

Files & Jones, whose bakery on Pickering square, turns out so much that is just what you want for the table, have an advertisement pertaining to their business in general, and baked beans in particular, which makes one hungry. Look for it.

The Lewiston *Journal* says it is stated that Conductor Anderson, who, for so many years has run between Bath and Lewiston, is about to take the train between Bangor and Boston over the Eastern Railroad. Conductor Lincoln takes Mr. Anderson's place on the Androscoggin road.

The item that Rev. Dr. Butler, of this city, has removed to Townshend, Vt., and assumed pastoral charge of a church, which has been going the rounds of the Maine papers, and which we inadvertently published, is correct, with the exception that he is still in Bangor and has no intention of leaving this winter at least.

LUMBER MARKET. The following is the amount of lumber surveyed in Bangor from January 1st to November 1st, 1876, compared with the amount surveyed during the same period in 1872, 1874 and 1875:

	1872.	1874	1875	1876.

We published a few days ago the rumor that some of our capitalists had been considering the feasibility of building an opera house on the vacant lot in front of the Franklin House, and now the rumor is that the matter is still under consideration, and that Mason's Corner is looked upon as a favorable site for such a place of amusement, and one which would require only the changing over of the interior of the block.

On Wednesday afternoon and evening and Thursday evening of next week, an exhibition will be given in City Hall under the auspices of Post Beale, G. A. R., (not a part of the regular course) consisting of illuminated paintings of scenes during the Revolutionary war, the Centennial buildings, a series illustrative of the family monument, etc. The views are colored and arranged by Black of Boston and H. H. Niles will officiate as delineator.

A GOOD MOVE. A number of the boys connected with the public schools requested Mr. Henry Hill to meet them and assist them in forming a temperance society, and last evening they assembled in the rooms of the Young Men's Temperance Union where a temporary organization was formed and a committee appointed to draw up a code of by-laws and a constitution.—The second meeting will be held Saturday evening when a permanent organization will be formed.

BLAKE'S INSURANCE AGENCY. We hardly need call attention to the attractive announcement elsewhere made by the Insurance Agency of P. M. Blake, No. 9, Central street, as the names of the standard companies and statements of their resources are presented so plainly that "he who runs may read." The list comprises some of the best known foreign and domestic companies and Mr. Blake believes in advertising them in a liberal and tasteful manner. Those desiring insurance will find at the Central street Agency gentlemen of experience who understand their business and guarantee prompt adjustment and payment of losses.

THE BEECHER LECTURE. The sale of tickets for the lecture to be given in Norombega Hall on November 17th, begins at Bugbee's on to-morrow morning. The popularity of the distinguished clergyman, his abilities as a lecturer, and the certainty that on the subject of "The Ministry of Wealth" he will not only interest, but instruct his hearers, will call our people out, and there is no doubt that a large audience will greet Mr. Beecher on the occasion and tickets will be in demand. The fact that he is so soon to speak in Bangor will add to the interest of the report in our telegraphic columns of the cordial vindication and endorsement of the great Plymouth Preacher by the Association of New York and Brooklyn Ministers of his Denomination.

The officers for the second term are: W. F. Lovejoy, N. A.; G. W. Smith, V. A.; T. M. Blakemore, Sec.; Alex. McClain, Treas.; Simon B. Gates, Cond.; S. M. Chase, 1. G'n.; George W. Estes, O. G'n.; C. It is understood the Grand Grove of the United States will grant a charter to institute the Grand Grove of Maine early next year.

Police Court.

Three cases wherein the parties were charged with drunkenness on the streets, came before Judge Goodenow, yesterday, and were disposed of as follows:

William Delaney was sentenced to 30 days' imprisonment, but the mittimus was suspended.

Bernhard Roland was fined $3 and costs and appealed.

Frank Bogus was fined the same sum and also appealed.

George Hines was up on a search and seizure process, and was fined $50 and costs, from which judgment he appealed.

Railroad Matters.

Last evening the committee of the City Government on the Bangor and Piscataquis Railroad met at the Aldermen's room, City Hall, with several of the directors of the road, and other gentlemen interested to consider the matter of running it. It seems that the lease of the B. & P. road to the Consolidated E. & N. A. Railway for nine hundred and ninety-nine years is by the late mutations rendered a thing of the past and not binding now, so that either a new lease must be made, or the city for its own protection, being the principal stockholder, operate the road. Several points regarding the freight and passenger tariff, and the use of property were discussed, which resulted in the adoption of the following resolution, offered by A. M. Robinson, Esq., of Dover, who was the only director from Piscataquis, present:

Voted, That A. G. Wakefield, Arad Thompson and Newell Blake be a committee to investigate the system of tariff which existed between the Piscataquis Railroad and the European Railway prior to the lease of said Piscataquis Railroad, and also the [illegible] of the lease and also to report at a future meeting of the stockholders a plan for the future management and operation of the road; also to investigate and report on all rights, of property as existing betwixt the Piscataquis Railroad and any other persons or corporation.

This resolution was adopted, it being considered but just that the stockholders should have an opportunity to learn all facts in the case and take such action, as they deem proper in regard to the future running of the road. The following resolution, offered by F. A. Wilson, Esq., was also adopted:

Resolved, That a stockholders' meeting be called at once to be holden at the City Hall, Bangor, at 10 o'clock A. M., on the 21st inst.

I. To determine what steps the company will take to regain possession of the road and other property formerly leased to the Consolidated E. & N. A. Railway.

II. To determine what arrangements the company will make for the future management and operation of its railroad; whether by independent action or by lease, or contract with some other company or individuals.

Without further discussion or the transaction of other business the meeting adjourned.

SCHENCK'S PULMONIC SYRUP, FOR THE CURE OF CONSUMPTION, COUGHS, AND COLDS.

The great virtue of this medicine is that it ripens the matter and throws it out of the system, purifies the blood, and thus effects a cure.

SCHENCK'S SEA WEED TONIC, FOR THE CURE OF DYSPEPSIA, INDIGESTION, &C.

The Tonic produces a healthy action of the stomach, creating an appetite, forming chyle, and curing the most obstinate cases of Indigestion.

SCHENCK'S MANDRAKE PILLS, FOR THE CURE OF LIVER COMPLAINT, &C.

These Pills are alterative, and produce a healthy action of the liver, without the least danger, as they are free from calomel, and yet more efficacious in restoring a healthy action of the liver. These remedies are a certain cure for Consumption, as the Pulmonic Syrup ripens the matter and purifies the blood. The Mandrake Pills act upon the liver, create a healthy bile, and remove all diseases of the liver, often a cause of Consumption. The Sea Weed Tonic gives tone and strength to the stomach, makes a good digestion, and enables the organs to form good blood; and thus creates a healthy circulation of healthy blood. The combined action of these medicines, as thus explained, will cure every case of Consumption, if taken in time, and the use of the medicines persevered in.

Dr. Schenck is professionally at his principal office corner SIXTH and ARCH STS., Philadelphia, every Monday, where all letters for advice must be addressed.

DOCTOR, IT FEELS LIKE A BALL OF FIRE!

So speaks oftentimes the sufferer from dyspepsia. After eating, it seems as if there was a veritable ball of fire running up and down through his stomach. If he eats much he feels it; if he don't eat much he feels it. It destroys his enjoyment of life. If the doctor be really desirous of curing his patient he should not experiment with the sufferer, he should recommend him to use PERUVIAN SYRUP, whose merits have been tested so long, and always satisfactorily. Balls of fire in the stomach and PERUVIAN SYRUP can't dwell together. Send to your druggist, he keeps it always ready, and try it. It will work like a charm. eod&w1w oct31

TRUE MERIT WILL WIN. A few years since the proprietors of Dr. Morris' Syrup of Tar, Wild Cherry and Horehound introduced it here. It was not puffed, but sold on its merits. Our people soon found it to be reliable, and already it has become the most staple and popular pulmonary remedy in the market. It quickly cures the worst coughs, colds, croup, bronchitis, asthma and incipient consumption. Nothing acts so nicely in whooping-cough, and it is so pleasant that children readily take it. Containing no opium, or other dangerous drug, it is as safe as it is sure. Trial size, 10 cts.; large sizes, 50 cents and One Dollar. Sold by Wm. E. Mann and J. F. Patten, N. S. Harlow, Bangor. R. B. VEGETINE

[illegible] and Invigorates the Whole System.

Its Medical Properties Are

ALTERATIVE, TONIC, SOLVENT AND DIURETIC.

VEGETINE is made exclusively from the juices of carefully selected barks, roots and herbs and so strongly concentrated that it will effectually eradicate from the system every taint of Scrofula, Scrofulous Humor, Tumors, Cancer, Cancerous Humor, Erysipelas, Salt Rheum, Syphilitic Diseases, Canker, Faintness at the Stomach, and all diseases that arise from impure blood. Sciatica, Inflammatory and Chronic Rheumatism, Neuralgia, Gout and Spinal Complaints can only be effectually cured through the blood.

For Ulcers and Eruptive Diseases of the Skin, Pustules, Pimples, Blotches, Boils, Tetter, Scald Head and Ringworm VEGETINE has never failed to effect a permanent cure.

For Pains in the Back, Kidney Complaints, Dropsy, Female Weakness, Leucorrhœa, arising from internal ulceration, and uterine diseases and General Debility Vegetine acts directly upon the causes of these complaints. It invigorates and strengthens the whole system, acts upon the secretive organs, allays inflammation, cures ulceration and regulates the bowels.

For Catarrh, Dyspepsia, Habitual Costiveness, Palpitation of the Heart, Headache, Piles, Nervousness and General Prostration of the Nervous System, no medicine has ever given such perfect satisfaction as the Vegetine. It purifies the blood, cleanses all of the organs and possesses a controlling power over the nervous system.

The remarkable cures effected by Vegetine have induced many physicians and apothecaries whom we know to prescribe and use it in their own families.

In fact, Vegetine is the best remedy yet discovered for the above diseases and is the only reliable Blood Purifier yet placed before the public.

UNQUALIFIED APPRECIATION.

BOSTON, Nov 18, 1875

H R STEVENS, Esq

DEAR SIR—During the past five years I have had an ample opportunity to judge of the merit of VEGETINE. My wife has used it for complaints attending a lady of delicate health, with more beneficial results than anything else which she ever tried. I have given it to my children under almost every circumstance attending a large family and always with marked benefit. I have taken it myself with such great benefit that I cannot find words to express my unqualified appreciation of its goodness.

While performing my duties as a Police Officer in this city it has been my lot to fall in with a great deal of sickness. I unhesitatingly recommend Vegetine, and I never knew of a case where it did not prove all that was claimed for it. Particularly in cases of a debilitated or impoverished state of the blood its effects are really wonderful and for all complaints arising from an impure state of the blood it appears to work like a charm and I do not believe there are any circumstances under which Vegetine can be used with injurious results, and it will always afford me pleasure to give any further information as to what I know about Vegetine.

H R STEVENS

Dear Sir: This is to certify that I have used your Blood Preparation in my family for several years and I think that for Scrofula or Cankerous Humors or Rheumatic Affections it cannot be excelled and as a Blood Purifier and spring medicine it is the best thing I have ever used, and I have used almost everything. I can cheerfully recommend it to any one in need of such a medicine. Yours respectfully

H. W. JOHNS' ASBESTOS PAINTS

ALL COLORS, READY FOR USE.

Opinions of the Boston Press.

H W Johns' Patent Asbestos Paints stand very high. Nothing is used in their preparation but the purest and best linseed oil and colors in combination with the Patent "Asbestos Paint Body," which adds an elastic quality never before attained in any paint.—*Boston Journal*

Less coloring matter is required in the manufacture of the Asbestos Paints than in any other liquid or ready mixed paints, they possess a superior body, and are not liable to "chalk" crack or scale. The Asbestos Paints are especially adapted for factories, exposed brick walls, fences, iron work, villas, cottages, outbuildings, etc.—*Boston Daily Advertiser*

Many paints are called fire proof, with reference, no doubt, to the pigments and not the oils with which they are combined, the Asbestos paints will be found a protection against this element superior to any.—*Boston Daily Globe*

Competition in price is not intended with the so called cheap paints with which the market is flooded, nor with "chemical" or other paints, which are composed largely of lime, water and other inexpensive ingredients.—*Boston Evening Traveller*

Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations and speak in terms of highest commendation of its magical effects and medical virtues. We speak in this matter "WHAT WE DO KNOW," after years of experience, AND PLEDGE OUR REPUTATION FOR THE FULFILMENT OF WHAT WE HERE DECLARE. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation has been used with NEVER FAILING SUCCESS in

Thousands of Cases.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

Griping in the Bowels and Wind Colic.

We believe it the BEST AND SUREST REMEDY IN THE WORLD in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—DO NOT LET YOUR PREJUDICES, NOR THE PREJUDICES OF OTHERS, stand between your suffering child and the relief that will be SURE—yes, ABSOLUTELY SURE—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle.

LETTER CARRIERS

All letters are delivered free by carriers when addressed to street and number. People should inform their correspondents of above and have their letters addressed accordingly.

Persons leaving their address at the General Delivery can also have their letters sent, but it is much more convenient to have the street and number on and they will be delivered earlier than if the same is put on at the office. Carriers make two deliveries daily, the first trip supplying the extremes of their routes.

Collections are made morning and evening in season for important mails—the down town boxes fifteen and the up town boxes thirty minutes before closing mails at the office.

Holidays the Carrier's Window will be open for the delivery of letters from 8½ to 9½ A M and from 5½ to 7 P M. Sundays from 8½ to 9½ A M.

Any irregularities in the Carriers' department should be reported to the office.

ENVELOPES

No additional charge will be made for printing the name and request to return, across the left hand upper corner of the envelopes furnished by the Post Office Department, (samples of which may be seen at the Cashier's Window,) when ordered in lots of not less than 500.

A request for the return of a letter to the writer if unclaimed within thirty days, or less, written or printed, with the writer's name, post office and State, across the left end of the envelope, on the face side, will be complied with.

The public are earnestly recommended to procure Stamped envelopes with printed return request, as the expense is less, and letters thus endorsed if not delivered to the person addressed are returned to the writer free of charge.

First class envelopes of above furnished at $32 80 per thousand.

Stamps cut from Stamped Envelopes cannot be used to prepay postage. The use of such Stamps is punishable by a fine of fifty dollars.

Stamped Envelopes, spoiled in directing, are redeemed at this office.

DOMESTIC POSTAGE.

All Letters must be Pre-paid.—Letters for the Mails in the United States, three cents the half ounce or single rate. City letters, two cents half ounce or single rate.

NEWSPAPERS.

After January 1st, 1875, all regular newspapers must be prepaid at the office of publication, at the rate of two cents per pound for each issue on weekly papers or those published oftener than once a week, less frequently than once a week, three cents. The same law applies to dealers.

Transient newspapers and magazines, regular publications designed primarily for advertising purposes, or for free circulation at nominal rates, and all printed matter of the third class except unsealed circulars, shall be admitted to, and be transmitted in, the mails at the rate of one cent for every two ounces or fractional part thereof, and one cent for each two additional ounces or fractional part thereof and the sender of any article of the third class of mail matter may write his or her name or address therein, or on the outside thereof, with the word "from" above or preceding the same, or may write briefly or print on any package the number and names of the articles inclosed. Publishers of newspapers and periodicals may print on the wrappers of newspapers or magazines sent from the office of publication to regular subscribers the time to which subscription therefor has been paid, and addresses upon postal cards and unsealed circulars may be either written printed, or affixed thereto, at the option of the sender.
